The History Department

YEAR 11 SCHEME OF WORK (2026-2027)

Curriculum Planning & Lesson Companion

Key Stage 4 Curriculum Architecture & Edexcel GCSE Specification

Pearson Edexcel GCSE (9–1) History Specification (1HI0)

The History Portal delivers a balanced 4-unit curriculum covering thematic development, British depth, period conflict, and modern world history:

Exam Paper & Topic	Assessment Focus	Weighting	Format & Marks	Taught Cohort
Paper 1 (1HI0/11): Medicine in Britain (c.1250–present) & Western Front (1914–18)	Thematic Study & Historic Environment	**30%** of GCSE	1 hr 15 mins 52 marks (incl. 4 SPaG)	Year 11
Paper 2 (1HI0/26): Conflict in the Middle East (1945–1995)	Period Study	**20%** of GCSE	50 mins 32 marks	Year 10
Paper 2 (1HI0/26): Early Elizabethan England (1558–1588)	British Depth Study	**20%** of GCSE	55 mins 32 marks	Year 11
Paper 3 (1HI0/31): Weimar and Nazi Germany (1918–1939)	Modern Depth Study	**30%** of GCSE	1 hr 20 mins 52 marks (incl. 4 SPaG)	Year 10

Assessment Objectives (AOs)

- **AO1 (35%):** Demonstrate knowledge and understanding of key features.
- **AO2 (35%):** Explain and analyse events, causes, consequences, and change.
- **AO3 (15%):** Analyse, evaluate, and use contemporary sources.
- **AO4 (15%):** Analyse and evaluate historical interpretations in context.

Standardized Question Frameworks

- **4-mark Consequence:** PEE structure (immediate & long-term).
- **8-mark Narrative:** 3-phase chronological causal flowchart.
- **8-mark Importance:** Analytical criteria for historical impact.
- **2+2 Features:** Concisely identifying and developing features.
- **8-mark Utility:** Evaluating content and provenance (Author/Audience/Motive).
- **16+4 Judgement Essays:** Evaluative criteria with sustained balance.

Mastery Methodology: GCSE pupils utilize printed Edexcel Mastery Booklets featuring 3-tier models, formula stamps, and walking-talking mock rehearsals, ensuring complete familiarity with mark schemes and timing constraints prior to the final examinations.

Paper 1: Medicine Through Time with the Western Front

Year 11 | How has medicine changed from c1250 to the modern day?

SPIRAL CURRICULUM THEMATIC STRANDS (VERTICAL DISCIPLINARY PROGRESSION) CHRISTINE COUNSELL CURRICULAR THREADS

SOVEREIGNTY & POWER
State institutions, governance, authority and constitutional development

TRADE & TECHNOLOGY
Economic engines, technical innovations and overseas geopolitical interactions

IDEOLOGY & CAUSATION
Religious beliefs, philosophical movements and drivers of historical change

RESISTANCE & AGENCY
Popular protest, social struggle, rights development and civilian agency

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 1 **KT1.1: Supernatural & Religious Explanations of Disease (c1250–c1500)** 🎯 CHANGE & CONTINUITY (MEDIEVAL ETIOLOGY & GALEN)	• Explain how church control of scriptoria, education, and universities enforced Galenic orthodoxy. • Analyse why illness was interpreted as divine retribution and evaluate the treatment of biblical lepers. • Assess how Christian theology reconciled planetary astrology with medical diagnosis and phlebotomy. • Explain why sick medieval people turned to pilgrimage shrines and saints' relics rather than doctors. • Evaluate why the Church's adoption of Galen's teleological design halted anatomical inquiry for centuries. ***Discussion Prompt: Why did monastic scriptoria make it almost impossible for independent medical discoveries to emerge?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Written Extract): Pastoral Letter of William Zouche, Archbishop of York, on the Pestilence (July 1348); Source B (Written Extract): The Sarum Rite for the Seclusion of Lepers (c.1300); Source C (Astrological Chart): The Zodiac Man (Homo Signorum), Medical Almanac (c.1390) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Analyse why illness was interpreted as divine retribution and evaluate the treatment of biblical lepers. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the cause of disease in the Medieval period (c1250–c1500) were similar to ideas in the Renaissance period (c1500–c1700). [4 marks] • Explain why the C...**
Lesson 2 **KT1.2: Rational Explanations: Hippocrates, Galen & The Four Humours (c1250–c1500)** 🎯 SOURCE UTILITY & CLINICAL OBSERVATION (RENAISSANCE)	• Explain how Hippocrates established clinical observation and natural causes in Ancient Greece. • Analyse the Four Bodily Humours and explain why the theory seemed universally logical to medieval society. • Demonstrate how Galen's Theory of Opposites provided practical treatment rules for university physicians. • Evaluate the diagnostic role of uroscopy and the glass matula flask in establishing physician authority. • Assess Miasma Theory and explain why rational doctors linked noxious environmental odours directly to epidemics. ***Discussion Prompt: How did Hippocrates's concept of natural observation revolutionise the role of the ancient physician?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Cosmological Chart): The Four Bodily Humours and Temperaments, Tacuinum Sanitatis (14th Century); Source B (Written Extract): Galen of Pergamon, Method of Medicine, on the Theory of Opposites (c.1280 translation); Source C (Diagnostic Chart): Medieval Urine Wheel Diagram, Fasciculus Medicinae (1491) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the diagnostic role of uroscopy and the glass matula flask in establishing physician authority. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the cause of disease in the Medieval period (c1250–c1500) were different from ideas in the Modern period (c1900–present). [4 marks] • Explain why the ...**
Lesson 3 **KT1.3: Approaches to Prevention & Treatment: Rituals, Bleeding & Purging (c1250–c1500)** 🎯 TURNING POINT ANALYSIS (GERM THEORY & ANTISEPTICS)	• Explain why religious rituals, prayer, and flagellation remained the primary treatments for ordinary people. • Analyse why bloodletting (phlebotomy) was the most universal physical treatment deployed across medieval society. • Demonstrate how digestive purging (emetics, laxatives, and clysters) aimed to restore bodily equilibrium. • Assess herbal remedies, garden simples, and the universal panacea known as Theriac. • Evaluate preventive regimens (Regimen Sanitatis) and clean air measures among the wealthy nobility. ***Discussion Prompt: Why did medieval patients regard communal prayer and fasting as more vital for recovery than calling a doctor?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Written Extract): Benedict of Peterborough, Miracles of St Thomas Becket (c.1200); Source B (Manuscript Miniature): Phlebotomy by Cephalic Vein Venesection, Wellcome MS 990 (c.1380); Source C (Material Artefact): Graduated Pewter Bleeding Bowl with Measuring Rings (15th Century) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate preventive regimens (Regimen Sanitatis) and clean air measures among the wealthy nobility. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which approaches to preventing disease in the Medieval period (c1250–c1500) were similar to approaches in the Renaissance period (c1500–c1700). [4 marks] • Explain why ...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 4 **KT1.4: Medical Care Providers & Monastic Hospitals: 'Care Not Cure' (c1250–c1500)** 🎯 CAUSATION & SCIENTIFIC DISCOVERY (ANTIBIOTICS & NHS)	• Explain why university-trained physicians were accessible only to royalty and the ultra-wealthy. • Analyse how guild apothecaries provided accessible herbal medicines to townspeople. • Evaluate the lower social status and surgical duties of medieval barber-surgeons. • Assess why medieval monastic hospitals deliberately focused on spiritual 'care not cure'. • Explain why the vast majority of ordinary peasants relied entirely on female family members and wise women. ***Discussion Prompt: Why did university-trained physicians refuse to perform manual surgical operations or cut into living flesh?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Guild Painting): The Fellowship of Barber-Surgeons at Work (15th Century); Source B (Written Extract): Guild Ordinances of the Barber-Surgeons of London (1368); Source C (Architectural Record): Rahere's Tomb and the Norman Nave of St Bartholomew the Great (Founded 1123) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the lower social status and surgical duties of medieval barber-surgeons. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which the work of hospitals in the Medieval period (c1250–c1500) was different from hospitals in the nineteenth century. [4 marks] • Explain why hospital care in mediev...**
Lesson 5 **KT1.5: Case Study: Dealing with the Black Death (1348–1349)** 🎯 HISTORICAL ENVIRONMENT (WESTERN FRONT MEDICAL LOGISTICS)	• Explain how maritime trade routes introduced the Black Death into southern England at Melcombe Regis in 1348. • Distinguish between the clinical symptoms and mortality rates of bubonic and pneumonic plague. • Analyse why medical treatments (hot knives, strapped chickens, emerald potions) completely failed. • Evaluate King Edward III's 1349 cleanliness order and civic attempts to combat pestilential miasma. • Assess the demographic collapse, mass emergency burial pits, and long-term socio-economic breakdown of feudalism. ***Discussion Prompt: How did trade routes and shipping unwittingly create the perfect transmission corridor for the Black Death?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Written Extract): Giovanni Boccaccio, The Decameron, Eyewitness Account of Plague in Florence (1348); Source B (Clinical Woodcut): Bedside Examination of a Plague Victim with Buboes (1497); Source C (Written Extract): Report of the Medical Faculty of the University of Paris to King Philip VI (October 1348) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate King Edward III's 1349 cleanliness order and civic attempts to combat pestilential miasma. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which responses to the Black Death (1348–49) were similar to responses to the Great Plague of London (1665). [4 marks] • 'The main reason why so many people died during...**
Lesson 6 **KT2.1: The New Spirit of Enquiry: Humanism, The Printing Press & The Royal Society (c1500–c1700)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how Gutenberg's movable-type printing press dismantled the Church's scribal monopoly over medical literature. • Analyse how Renaissance humanism inspired scholars to bypass medieval mistranslations and re-examine original Greek medical texts. • Evaluate how Charles II's 1662 Royal Charter and the motto "Nullius in Verba" established empirical experimentation over classical authority. • Assess how Henry Oldenburg's Philosophical Transactions established the world's first international peer-reviewed scientific network. • Analyze the Renaissance Paradox: why revolutionary microscopes and animalcules failed to transform ordinary medical treatments. ***Discussion Prompt: Why did the Catholic Church find Gutenberg's printing press such a profound threat to traditional Galenic medical authority?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Renaissance Printing House with Movable Metal Type, by Jan van der Straet (Stradanus, c.1580); Source B: Desiderius Erasmus, The Praise of Folly, on Humanism and Scholastic Ignorance (1511); Source C: Second Royal Charter Granted to the Royal Society of London by King Charles II (1662) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how Charles II's 1662 Royal Charter and the motto "Nullius in Verba" established empirical experimentation over classical authority. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the cause of disease in the Renaissance (c1500–c1700) were similar to ideas in the Medieval period (c1250–c1500). [4 marks] • Explain why new ideas in...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 7 **KT2.2: Thomas Sydenham & The Art of Bedside Observation (1676)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why Sydenham rejected scholastic book learning in favour of direct bedside observation. • Analyse how classifying diseases in Observationes Medicae challenged individual humoral theory. • Assess the significance of Cinchona bark (quinine) in demonstrating that specific remedies target specific diseases. • Evaluate Sydenham's innovative "cool therapy" for smallpox fevers. • Explain why medical treatments remained mostly medieval despite Sydenham's diagnostic breakthroughs. ***Discussion Prompt: Why did Sydenham believe that observing a patient at the bedside was more valuable than reading Galen at university?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Thomas Sydenham, Observationes Medicae, London (1676); Source B: Thomas Sydenham, Observationes Medicae, on Bedside Observation (1676); Source C: Thomas Sydenham on the "Cool Treatment" for Smallpox (1676) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate Sydenham's innovative "cool therapy" for smallpox fevers. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the treatment of disease in the Renaissance (c1500–c1700) were different from the Medieval period (c1250–c1500). [4 marks] • Explain why Thomas Sydenh...**
Lesson 8 **KT2.3: Andreas Vesalius & The Anatomical Revolution (1543)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why a professor dissecting human bodies himself at Padua in 1537 was revolutionary. • Analyse how Vesalius proved Galen had made over 300 anatomical mistakes by dissecting animals instead of humans. • Assess the significance of De Humani Corporis Fabrica (1543) as a masterpiece of Renaissance art and science. • Evaluate how Thomas Geminus's Compendiosa and English translations brought Vesalian anatomy to ordinary barber-surgeons. • Explain the fierce opposition Vesalius faced and analyse why anatomical breakthroughs produced zero immediate cures. ***Discussion Prompt: Why did Vesalius stepping down from the elevated pulpit to perform dissections himself shock conservative academics?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Woodcut Frontispiece): Title Page of De Humani Corporis Fabrica, Basel (1543); Source B (Written Extract): Andreas Vesalius, Preface to De Humani Corporis Fabrica (1543); Source C (Anatomical Woodcut): Contemplative Skeleton Leaning upon a Spade, Fabrica (1543) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how Thomas Geminus's Compendiosa and English translations brought Vesalian anatomy to ordinary barber-surgeons. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which methods of anatomical training in the Renaissance (c1500–c1700) were similar to anatomical training in the nineteenth century. [4 marks] • Explain why Andreas Ves...**
Lesson 9 **KT2.4: William Harvey & The Circulation of the Blood (1628)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why Harvey studied cold-blooded animals and Fabricius's vein valves to analyse the heart. • Demonstrate how mathematical calculations proved Galen's continuous blood-manufacturing theory was impossible. • Analyse the tourniquet experiment and the publication of De Motu Cordis in 1628. • Explain why conservative physicians fiercely rejected Harvey and ridiculed him as a "circulator". • Assess Marcello Malpighi's discovery of capillaries (1661) and evaluate why Harvey's breakthrough saved zero lives. ***Discussion Prompt: Why was dissecting slow-beating cold-blooded animals essential for Harvey to understand the human heartbeat?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Anatomical Diagram): Forearm Vein Ligature and Valve Experiments, De Motu Cordis (1628); Source B (Written Extract): William Harvey, De Motu Cordis, Mathematical Proof of Blood Volume (1628); Source C (Microscopic Drawing): Marcello Malpighi's Observation of Capillaries in Frog Lungs, De Pulmonibus (1661) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Assess Marcello Malpighi's discovery of capillaries (1661) and evaluate why Harvey's breakthrough saved zero lives. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the human body in the Renaissance (c1500–c1700) were different from the Medieval period (c1250–c1500). [4 marks] • Explain why William Harvey's discov...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 10 **KT2.5: Continuity in Treatment & The Great Plague of London (1665)** 🎯 CHANGE & CONTINUITY	• Explain how the 1665 plague broke out and why the rich fled while the poor suffered catastrophic mortality. • Analyse why medical understanding and treatments in 1665 showed almost complete continuity with 1348. • Evaluate municipal government action (Mayor's Plague Orders, Searchers, and 28-day quarantine). • Explain why the slaughter of 40,000 dogs and 200,000 cats was a disastrous medical mistake. • Assess the demographic impact, night dead-carts, mass pits, and the factors that finally ended the plague. ***Discussion Prompt: Why did the flight of wealthy physicians leave ordinary Londoners completely defenceless during the 1665 plague?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Contemporary Broadside): Multi-Scene Illustrated Broadside of the Great Plague, London (1665); Source B (Written Extract): Orders Conceived and Published by the Lord Mayor and Aldermen of London (July 1665); Source C (Illustrated Broadsheet): "Lord Have Mercy Upon Us" Broadsheet with Mortality Statistics, London (1665) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate municipal government action (Mayor's Plague Orders, Searchers, and 28-day quarantine). ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which government responses to the Great Plague of London (1665) were different from government responses to the Black Death (1348). [4 marks] • 'Approaches to dealing w...**
Lesson 11 **KT3.1: Ideas on Causes: Pasteur's Germ Theory & Koch's Microbe Hunters (c.1861–c.1883)** 🎯 CAUSATION & CONSEQUENCE	• Explain how spontaneous generation and miasma theory dominated medical thinking before the 1860s. • Analyse how Pasteur's swan-neck flask experiments disproved spontaneous generation in 1861. • Evaluate why the British medical establishment initially resisted Germ Theory during the 1860s and 1870s. • Examine how Robert Koch's bacteriological methods isolated specific disease-causing microbes. • Assess Koch's Postulates, photomicrography, and the diagnostic-therapeutic lag in late Victorian Britain. ***Discussion Prompt: Why did pre-1860s doctors believe disease created germs, rather than germs creating disease?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Dr Henry Charlton Bastian, Leading British Physician, 'The Lancet' (1875); Source B: Louis Pasteur, Address to the Sorbonne University, Paris (7 April 1864); Source C: Louis Pasteur in his Laboratory (1885) by Albert Edelfelt ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate why the British medical establishment initially resisted Germ Theory during the 1860s and 1870s. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which ideas about the cause of disease in the late nineteenth century (c1860–c1890) were different from ideas in the Renaissance (c1500–c1700). [4 marks] • Explain why ...**
Lesson 12 **KT3.2: Approaches to Prevention: Edward Jenner & The Smallpox Vaccine (1796–1853)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain the devastating threat of smallpox and the severe dangers of variolation (inoculation). • Analyse how Jenner used scientific experimentation to test Gloucestershire dairy folklore. • Evaluate the medical, financial, and religious reasons why vaccination faced fierce opposition. • Explain why the British Parliament abandoned laissez-faire to fund and regulate vaccination. • Assess the impact of compulsory vaccination acts and explain why Jenner's discovery remained an empirical anomaly. ***Discussion Prompt: Why was smallpox variolation considered both dangerous and inaccessible for working-class Victorian families?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: James Gillray, 'The Cow-Pock—or—the Wonderful Effects of the New Inoculation!' (12 June 1802); Source B: Dr Edward Jenner, 'An Inquiry into the Causes and Effects of the Variolae Vaccinae' (1798); Source C: Hand of Sarah Nelmes Infected with Cowpox, Wellcome Collection (1796/1798) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the medical, financial, and religious reasons why vaccination faced fierce opposition. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which methods of preventing smallpox in the late eighteenth century were different from methods used in the seventeenth century. [4 marks] • 'Edward Jenner's developmen...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 13 **KT3.3: Improvements in Hospital Care: Florence Nightingale, Mary Seacole & The Sanitary Revolution (1854–1863)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why early nineteenth-century hospital wards were notorious death traps. • Analyse how Florence Nightingale's sanitary reforms at Scutari slashed military hospital mortality. • Examine Nightingale's use of statistics, the Polar Area Coxcomb diagram, and sanitary science. • Evaluate how the architectural design of the Pavilion Hospital Plan prevented cross-infection. • Assess the impact of professional nurse training and contrast Nightingale's legacy with Mary Seacole. ***Discussion Prompt: Why did patients in early Victorian voluntary hospitals face a higher risk of death from wound infection than those treated at home?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Florence Nightingale's 'Coxcomb' Diagram of Crimean War Mortality (1858); Source B: Florence Nightingale, Letter from the Barrack Hospital, Scutari (November 1854); Source C: Portrait of Mary Seacole (1869) by Albert Charles Challen ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how the architectural design of the Pavilion Hospital Plan prevented cross-infection. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which hospital care in the late nineteenth century was different from hospital care in the Medieval period. [4 marks] • Explain why the standard of hospital care and nu...**
Lesson 14 **KT3.4: The Surgical Revolution: Simpson, Lister & The Conquest of Pain and Sepsis (1847–1870s)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why surgical speed was the primary measure of skill before anaesthetics. • Analyse the discovery of chloroform by James Simpson and the early controversies surrounding anaesthesia. • Evaluate why the conquest of pain paradoxically triggered the "Black Period" of surgery (1846–1865). • Examine Joseph Lister's application of Germ Theory and his introduction of carbolic acid antisepsis. • Contrast antiseptic surgery with aseptic surgery and evaluate late Victorian advances. ***Discussion Prompt: Why was rapid surgery essential for patient survival prior to the development of effective chemical anaesthetics in the 1840s?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Contemporary Medical Account of Pre-Anaesthetic Surgery under Robert Liston (c.1840s); Source B: James Young Simpson, 'Account of a New Anaesthetic Agent' (12 November 1847); Source C: John Eric Erichsen, Professor of Surgery, on "Hospitalism" and Post-Operative Mortality (1874) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate why the conquest of pain paradoxically triggered the "Black Period" of surgery (1846–1865). ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which surgical operations in the early nineteenth century (before 1846) were similar to surgery in the Medieval period. [4 marks] • Explain why surgery became significa...**
Lesson 15 **KT3.5: Public Health & Cholera: John Snow, The Broad Street Pump & The 1875 Public Health Act (1854–1875)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why the 1848 Public Health Act failed to solve the sanitary crisis in industrial cities. • Analyse Dr John Snow's epidemiological investigation of the Broad Street pump outbreak in 1854. • Evaluate why the medical establishment and Board of Health initially rejected Snow's water-borne findings. • Assess how the Great Stink of 1858 forced Parliament to fund Joseph Bazalgette's London sewer network. • Explain why the 1875 Public Health Act marked the definitive death blow to laissez-faire. ***Discussion Prompt: Why did local ratepayer councils refuse to establish local health boards under the permissive 1848 Public Health Act?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Edwin Chadwick, Report on the Sanitary Condition of the Labouring Population of Great Britain (1842); Source B: Dr John Snow's Spot Map of the Broad Street Cholera Outbreak (1854); Source C: 'The Terror of Asiatic Cholera: King Cholera Tramples the Slums' (c.1850s) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate why the medical establishment and Board of Health initially rejected Snow's water-borne findings. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which government action on public health in the late nineteenth century was different from government action in the Renaissance. [4 marks] • 'The work of John Snow was ...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 16 **KT4.1: Ideas on Causes: Genetics, DNA & The Human Genome Project (c.1953–present)** 🎯 CAUSATION & CONSEQUENCE	• Explain how the rediscovery of Mendel's laws revealed the mystery of hereditary disease. • Analyse how Rosalind Franklin's Photograph 51 provided mathematical proof of DNA's helical structure. • Examine how Watson and Crick's double helix model explained biological reproduction and base pairing. • Evaluate the medical milestone of the international Human Genome Project (1990–2003). • Assess the diagnostic-therapeutic lag between predictive genetic screening and clinical gene therapy. ***Discussion Prompt: Why was Germ Theory unable to explain hereditary illnesses like cystic fibrosis and sickle cell anaemia?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: James Watson and Francis Crick with the Double Helix Model (1953); Source B: James Watson and Francis Crick, 'Molecular Structure of Nucleic Acids', 'Nature' (25 April 1953); Source C: Dr Rosalind Franklin at King's College London (c.1952) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the medical milestone of the international Human Genome Project (1990–2003). ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which scientific methods for investigating disease causes in the late twentieth century (c1950–c2000) were different from methods used in the late nineteenth century (c...**
Lesson 17 **KT4.2: Lifestyle Factors & The Technological Revolution in Diagnosis (c.1900–present)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how Wilhelm Röntgen's discovery of X-rays transformed non-invasive surgical diagnosis. • Analyse how automated biochemical blood tests and fibre-optic endoscopy reduced diagnostic risk. • Evaluate how Godfrey Hounsfield's CT scanner and MRI revolutionized soft-tissue imaging. • Examine the twentieth-century epidemiological transition from infectious fevers to chronic lifestyle illnesses. • Assess why governments increasingly prioritize statutory lifestyle prevention over expensive hospital treatments. ***Discussion Prompt: How did Röntgen's X-rays overturn centuries of surgical guesswork when diagnosing internal trauma?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Wilhelm Conrad Röntgen, 'On a New Kind of Rays', Würzburg (28 December 1895); Source B: Medical Report on the Clinical Introduction of Fibre-Optic Gastrointestinal Endoscopy (1960s); Source C: Clinician Positioning Patient in the Original EMI CT Brain Scanner (1970s) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how Godfrey Hounsfield's CT scanner and MRI revolutionized soft-tissue imaging. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which methods of diagnosing illness in the late twentieth century (c1970–present) were different from methods used in the nineteenth century (c1800–c1900). [4 marks] • ...**
Lesson 18 **KT4.3: The Search for Magic Bullets, High-Tech Treatments & The Birth of the NHS (1909–1948)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how Paul Ehrlich developed the concept of the chemical "magic bullet" with Salvarsan 606. • Analyse how Gerhard Domagk's Prontosil proved that synthetic sulfonamides could destroy bacteria in living patients. • Examine how the Beveridge Report and WWII collective sacrifice created momentum for universal healthcare. • Evaluate how Aneurin Bevan overcame doctor resistance to establish the NHS on 5 July 1948. • Assess how post-war high-tech treatments and an ageing population created escalating NHS financial strains. ***Discussion Prompt: Why was Salvarsan 606 termed a "magic bullet" compared to older chemical antiseptics like carbolic acid or mercury?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Paul Ehrlich, Address to the 17th International Medical Congress, London (August 1913); Source B: Gerhard Domagk, Discoverer of Prontosil (c.1935); Source C: Sir William Beveridge, 'Social Insurance and Allied Services' (The Beveridge Report, November 1942) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how Aneurin Bevan overcame doctor resistance to establish the NHS on 5 July 1948. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which healthcare access in Britain after 1948 was different from healthcare access in the 1930s. [4 marks] • 'The establishment of the National Health Service in 1948 w...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 19 **KT4.4: Case Study 1: The Antibiotic Revolution: Fleming, Florey & Chain and Penicillin (1928–1945)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how Alexander Fleming accidentally discovered penicillin in 1928 and why he was unable to develop it into a clinical drug. • Analyse how Florey, Chain, and Heatley solved the challenge of purifying and stabilizing penicillin at Oxford. • Evaluate the clinical significance of the mouse trials and the tragic trial of PC Albert Alexander. • Explain how wartime necessity and American industrial deep-tank fermentation enabled mass production. • Assess Alexander Fleming's prophetic warning regarding antimicrobial resistance and modern superbugs. ***Discussion Prompt: Why was Alexander Fleming unable to translate his laboratory observation of penicillin mould into an injectable medicine for human patients?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Alexander Fleming's Original 1928 Penicillin Culture Plate; Source B: Alexander Fleming, 'On the Antibacterial Action of Cultures of a Penicillium' (June 1929); Source C: Allied Wartime Penicillin Motivational Poster: 'Penicillin Saves Soldiers' Lives!' (1944) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the clinical significance of the mouse trials and the tragic trial of PC Albert Alexander. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which Alexander Fleming's discovery of penicillin in 1928 was similar to Edward Jenner's discovery of the smallpox vaccine in 1796. [4 marks] • Explain why penicillin w...**
Lesson 20 **KT4.5: Case Study 2: Public Health & The Fight Against Lung Cancer (c.1950–present)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why early twentieth-century physicians failed to link the surge in lung cancer to tobacco smoking. • Analyse how Richard Doll and Austin Bradford Hill used statistical epidemiology to prove the causal link. • Examine why initial government public health action was delayed by commercial lobbying and tax revenues. • Evaluate the impact of scientific evidence on passive secondhand smoking leading to the 2007 public smoking ban. • Assess modern multimodal oncology treatments and explain why statutory prevention remains superior to cure. ***Discussion Prompt: Why did medical authorities in the 1930s and 1940s blame coal smog and road tarmac rather than cigarettes for rising lung cancer rates?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Transcript of a National British Cigarette Print Advertisement (1938); Source B: Richard Doll and Austin Bradford Hill, 'Smoking and Carcinoma of the Lung', 'BMJ' (30 September 1950); Source C: Royal College of Physicians of London, 'Smoking and Health' (March 1962) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the impact of scientific evidence on passive secondhand smoking leading to the 2007 public smoking ban. ✍️ **CORE WRITTEN ASSESSMENT:** **Explain one way in which government intervention against lung cancer after 1965 was similar to government action in the 1875 Public Health Act. [4 marks] • 'Government public health legis...**
Lesson 21 **KT5.1: The Theatre of War: The British Sector, Trench Geography & Battles (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how the low-lying topography and clay geology of the Ypres Salient created an acute medical and logistical crisis. • Analyse how the architectural design of zig-zag traverses limited shrapnel injuries and localized shell explosions. • Examine why communication trenches created severe bottlenecks for stretcher bearers and casualty evacuation. • Evaluate the strategic and medical significance of the subterranean chalk caverns and Thompson's Cave hospital at Arras. • Assess how mass-casualty battles at the Somme and Cambrai forced the RAMC to revolutionize trauma evacuation logistics. ***Discussion Prompt: Why was the low-lying topography of Ypres a tactical and medical nightmare for the British Expeditionary Force?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Aerial Photograph): Royal Flying Corps Reconnaissance of Frontline Trench Lines near Ypres (1917); Source B: From the Official War Diary of an RAMC Field Ambulance Officer, Ypres Salient (October 1917); Source C (Photograph): British Soldiers in a Waterlogged Communication Trench, Flanders (1917) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the strategic and medical significance of the subterranean chalk caverns and Thompson's Cave hospital at Arras. ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of the trench system and medical facilities on the Western Front: (a) Describe one feature of the system of communication trenches. [2 marks] (b) Describe one featur...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 22 **KT5.2: The Trench Environment: Mud, Vermin & Non-Combat Illnesses (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how prolonged immersion in freezing mud destroyed tissue and produced gangrene. • Analyse why mandatory officer inspections and whale oil discipline succeeded in conquering trench foot. • Examine the transmission of trench fever by body lice and the deployment of steam delousing plants. • Evaluate how RAMC sanitary sections and water chlorination prevented catastrophic dysentery epidemics. • Assess how psychiatric trauma (shell shock) evolved from being stigmatized as cowardice to clinical medical treatment. ***Discussion Prompt: How did prolonged cold water immersion and tight puttees combine to destroy living tissue and cause trench foot?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Clinical Photograph): Bilateral Trench Foot in a British Soldier (c.1915); Source B: From 2nd Battalion Routine Standing Orders on the Prevention of Trench Foot (December 1915); Source C (Photograph): British Wounded at an Advanced Dressing Station near Boesinghe, Battle of Pilckem Ridge (31 July 1917) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how RAMC sanitary sections and water chlorination prevented catastrophic dysentery epidemics. ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of ill health arising from the trench environment: (a) Describe one feature of the methods used to prevent trench foot on the Western Front. [2 marks] (b) Describe o...**
Lesson 23 **KT5.3: Battlefield Trauma: High Explosive Shrapnel, Gas Attacks & Infection (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why high-explosive artillery shrapnel caused far more destructive and contaminated wounds than rifle bullets. • Analyse why manured Flanders soil made anaerobic gas gangrene and tetanus such deadly complications in shrapnel wounds. • Assess how the introduction of the Brodie steel helmet in late 1915 transformed battlefield head trauma survival. • Evaluate the chemical mechanisms and early British respiratory countermeasures to chlorine and phosgene gas attacks. • Compare the blister-agent properties of mustard gas with respiratory gases and explain the success of the Small Box Respirator. ***Discussion Prompt: Why did high-explosive shrapnel fragments produce far more lethal and infection-prone wounds than high-velocity rifle bullets?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Report of an RAMC Consulting Surgeon on High Explosive Shrapnel Trauma in Flanders (1916); Source B: From an RAMC Surgical Report on Wound Infections in Flanders (1916); Source C: Clinical Radiograph Showing Metallic Projectile Localisation in Cranium using Lead-Wire Cage (c.1916) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the chemical mechanisms and early British respiratory countermeasures to chlorine and phosgene gas attacks. ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of weapons and injuries on the Western Front: (a) Describe one feature of the effects of poison gas attacks on soldiers on the Western Front. [2 marks] (b) Describe ...**
Lesson 24 **KT5.4: The Chain of Evacuation: Stretcher Bearers, RAP, Dressing Stations & CCS (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain the vital role of frontline Stretcher Bearers and Regimental Aid Posts in stemming catastrophic haemorrhage and shock. • Analyse the tactical medical function of Advanced and Main Dressing Stations operated by RAMC Field Ambulances. • Evaluate the surgical supremacy and 3-tier triage system of Casualty Clearing Stations (CCS). • Examine the specialized treatment and convalescent role of coastal Base Hospitals and hospital ships returning to "Blighty". • Compare the medical effectiveness of motorized ambulances and converted canal barges in casualty transport. ***Discussion Prompt: Why was rapid frontline retrieval by stretcher bearers to the Regimental Aid Post essential to prevent fatal haemorrhagic shock?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A (Photograph): Stretcher Bearers Carrying a Wounded Soldier through Mud at the Battle of Passchendaele (1917); Source B: From the Diary of Captain J. C. Dunn, Medical Officer to the 2nd Battalion, Royal Welch Fusiliers (1916); Source C (Painting): 'The Stretcher Bearer' by Gilbert Rogers (1919) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate the surgical supremacy and 3-tier triage system of Casualty Clearing Stations (CCS). ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of the casualty evacuation chain on the Western Front: (a) Describe one feature of the triage system used at Casualty Clearing Stations (CCS) on the Western Front. [...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 25 **KT5.5: Surgical Breakthroughs: The Thomas Splint, Wound Debridement & Mobile X-Rays (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain why radical surgical wound debridement proved far more effective than chemical antiseptics in preventing gas gangrene. • Analyse how the Carrel-Dakin continuous irrigation method solved the problem of deep wound sepsis. • Evaluate how Sir Robert Jones's deployment of the Thomas Splint reduced compound femur fracture mortality from 80% to 20%. • Examine the deployment and diagnostic power of mobile X-ray units in forward casualty clearing stations. • Assess the critical combat limitations of wartime radiography, specifically radiolucent uniform fragments and equipment fragility. ***Discussion Prompt: Why did surgical excision of dead tissue (debridement) succeed in arresting gas gangrene where Listerian chemical antiseptics had failed?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Surgical Operating Theatre Suite at No. 23 Casualty Clearing Station in France (c.1917); Source B: From a Paper by Dr Alexis Carrel and Dr Henry Dakin on Wound Treatment (1916); Source C: From an Official Report by Sir Robert Jones on the Use of the Thomas Splint (1917) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate how Sir Robert Jones's deployment of the Thomas Splint reduced compound femur fracture mortality from 80% to 20%. ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of surgical breakthroughs on the Western Front: (a) Describe one feature of the Thomas Splint used on the Western Front. [2 marks] (b) Describe one feature of the Ca...**
Lesson 26 **KT5.6: Lifesaving Innovations: Blood Storage, Brain Surgery & Plastic Reconstruction (1914–1918)** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain how sodium citrate anticoagulation eliminated the need for direct donor-to-patient blood transfusion tubing. • Analyse why adding dextrose-glucose was essential to maintain red blood cell viability during refrigerated storage. • Evaluate Captain Oswald Robertson's establishment of the world's first military blood bank depot at Cambrai in November 1917. • Examine Harvey Cushing's surgical breakthroughs in brain trauma, including local anaesthetics, suction, and silver clips. • Assess how Harold Gillies's tubed pedicle technique revolutionized facial reconstructive surgery at Queen's Hospital, Sidcup. ***Discussion Prompt: How did the discovery of sodium citrate liberate blood transfusion from dangerous person-to-person tubing on the battlefield?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Dr. Richard Lewisohn, Clinical Report on the Use of Sodium Citrate in Blood Transfusion (1915); Source B: Dr. Francis Peyton Rous and Dr. Joseph Turner, Research on Preserving Human Blood Cells (1916); Source C: From a Report by Captain Oswald H. Robertson on Stored Blood Transfusions at the Battle of Cambrai (1917) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Evaluate Captain Oswald Robertson's establishment of the world's first military blood bank depot at Cambrai in November 1917. ✍️ **CORE WRITTEN ASSESSMENT:** **Describe two features of lifesaving medical and surgical innovations on the Western Front: (a) Describe one feature of Harvey Cushing's surgical techniques in operating on head wounds on ...**

Paper 2: Early Elizabethan England, 1558-88

Year 11 | From religious division to the Armada: How did Elizabeth secure her throne?

🌀 **SPIRAL CURRICULUM THEMATIC STRANDS (VERTICAL DISCIPLINARY PROGRESSION)** CHRISTINE COUNSELL CURRICULAR THREADS

SOVEREIGNTY & POWER
State institutions, governance, authority and constitutional development

TRADE & TECHNOLOGY
Economic engines, technical innovations and overseas geopolitical interactions

IDEOLOGY & CAUSATION
Religious beliefs, philosophical movements and drivers of historical change

RESISTANCE & AGENCY
Popular protest, social struggle, rights development and civilian agency

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 1 **KT 1.1: The Situation on Elizabeth's Accession, 1558** 🎯 HISTORICAL SIGNIFICANCE (ELIZABETHAN SETTLEMENT 1559)	• Explain and evaluate Accession of Elizabeth I (17 NOV 1558): £300,000 Crown Debt, Antwerp Loans (14% Interest), Cecil Appointed Principal Secretary. • Explain and evaluate Features of Elizabethan Government (NOV–DEC 1558): 19-Man Privy Council, Monopolies & Royal Licences, Factional Balance at Court. • Explain and evaluate Challenges of Gender & Legitimacy (DEC 1558): Papal Rejection of Anne Boleyn, 1536 Succession Act Bar, Pressure to Produce Protestant Heir. • Explain and evaluate Parliament & Local Government (JAN–MAY 1559): Unpaid Justices of the Peace, Lords Lieutenant County Militias, Taxation Granted Solely by MPs. • Explain and evaluate Foreign Threats: France & Scotland (1558–1560): Loss of Calais (January 1558), Mary of Guise French Troops, Quartered English Royal Arms. *Discussion Prompt: Why did inherited debt and foreign loans create an immediate crisis for the new Queen?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Queen Elizabeth I Coronation Portrait (1559); Source B: Sir William Cecil, Lord Burghley, Elizabeth's Chief Minister; Source C: John Knox, 'The First Blast of the Trumpet Against the Monstrous Regiment of Women' (1558) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Accession of Elizabeth I (17 NOV 1558): £300,000 Crown Debt, Antwerp Loans (14% Interest), Cecil Appointed Principal Secretary. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the role of the Privy Council in 1558. [2 marks] • 1(b). Describe one key feature of the financial weaknesses Elizabeth faced in 1558. [2 marks] • 2. Exp...**
Lesson 2 **KT 1.2: The 'Settlement' of Religion, 1559** 🎯 CAUSATION & RELIGIOUS VOLATILITY (PAPAL BULL & PLOTS)	• Explain and evaluate Religious Divisions in 1558 (NOV 1558–JAN 1559): Conservative North & Western Gentry, Radical Returning Marian Exiles, Marian Bishops in Lords. • Explain and evaluate The Act of Supremacy (MAY 1559): 'Supreme Governor' Compromise Title, Compulsory Oath for Clergy, All Marian Bishops Deprived. • Explain and evaluate The Act of Uniformity (MAY 1559): Compulsory 1559 Prayer Book, One-Shilling Recusancy Fine, Deliberate Communion Ambiguity. • Explain and evaluate The Royal Injunctions (SUMMER 1559): Fifty-Seven Royal Directives, English Bible in Every Church, Pilgrimages & Fake Miracles Banned. • Explain and evaluate Enforcing the Settlement & Church Role (1559–1560s): 125 Visitation Commissioners, Parish Church Court Supervision, Four Hundred Clergy Resignations. *Discussion Prompt: Why did England's geographic and political divisions make a religious settlement essential?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: The 1559 Act of Supremacy (Parliamentary Roll); Source B: Title Page of the 1559 Book of Common Prayer; Source C: Sir William Cecil's Confidential Memorandum on Passing the Uniformity Bill (April 1559) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Religious Divisions in 1558 (NOV 1558–JAN 1559): Conservative North & Western Gentry, Radical Returning Marian Exiles, Marian Bishops in Lords. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the Act of Supremacy (1559). [2 marks] • 1(b). Describe one key feature of the Royal Injunctions (1559). [2 marks] • 3. "The Religious Settlement was suc...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 3 **KT 1.3: Challenge to the Religious Settlement** 🎯 SOURCE UTILITY & FOREIGN POLICY (ARMADA 1588)	• Explain and evaluate The Nature of the Puritan Challenge (1559–1563): Geneva Calvinist Influence, Demand to Abolish Holy Days, Threat to Royal Prerogative. • Explain and evaluate The Crucifix & Vestments Controversy (1566): Parker's Book of Advertisements, White Linen Surplice Requirement, Thirty-Seven London Priests Sacked. • Explain and evaluate The Catholic Challenge at Home (1559–1568): Church Papists Attending Services, Lax Local JPs in North, Tolerant 'Windows Into Men's Souls'. • Explain and evaluate Foreign Threats: France & The Netherlands (1562–1568): French Wars of Religion (1562), 10,000 Spanish Troops under Alba, Council of Troubles Brutality. • Explain and evaluate Escalating Tensions: The Genoese Loan (1568–1569): £85,000 Italian Bullion Storm Shelter, Queen Claims Italian Bank Loan, Alba Imposes English Trade Embargo. *Discussion Prompt: Why did Puritan religious demands pose a direct challenge to Elizabeth's royal authority?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Bishop John Jewel on the Crucifix Controversy in the Royal Chapel (February 1560); Source B: Chronicle Account of Archbishop Parker and the Lambeth Vestments Confrontation (March 1566); Source C: Historical Map of Catholic Resistance, Priest Holes, and Seminary Networks ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate The Nature of the Puritan Challenge (1559–1563): Geneva Calvinist Influence, Demand to Abolish Holy Days, Threat to Royal Prerogative. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the Puritan challenge to the Religious Settlement. [2 marks] • 1(b). Describe one key feature of the Papal Bull (Regnans in Excelsis) in 1570. [2 marks] ...**
Lesson 4 **KT 1.4: The Problem of Mary, Queen of Scots, 1568–69** 🎯 CHANGE & CONTINUITY (ELIZABETHAN SOCIETY & POOR LAWS)	• Explain and evaluate Mary's Claim to the English Throne (1560–1565): Margaret Tudor Granddaughter Lineage, Marriage to Henry Lord Darnley, Legitimate Catholic Figurehead. • Explain and evaluate The Murder of Lord Darnley (FEB 1567): Kirk o' Field Gunpowder Explosion, Marriage to Earl of Bothwell, Scottish Protestant Rebellion. • Explain and evaluate Abdication, Lochleven & Escape (1567–1568): Forced Abdication for Infant James VI, Fishing Boat Crossing to Workington, Anointed Monarch Under House Arrest. • Explain and evaluate The Inquiry at York & Casket Letters (1568–1569): Eight French Casket Love Letters, Refusal of Direct Cross-Examination, No Verdict Justifies Detention. • Explain and evaluate Mary's Imprisonment in England (1569): Guarded by Earl of Shrewsbury, Duke of Norfolk Court Marriage Plot, Magnet for Northern Catholic Discontent. *Discussion Prompt: Why did Mary Stuart's royal ancestry and marriage choices threaten Elizabeth's security?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Portrait of Mary Stuart, Queen of Scots (c. 1565); Source B: Sir Francis Walsingham's Intelligence Dossier on Mary Stuart; Source C: The Deed of Abdication Extorted from Mary at Lochleven Castle (24 July 1567) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Mary's Claim to the English Throne (1560–1565): Margaret Tudor Granddaughter Lineage, Marriage to Henry Lord Darnley, Legitimate Catholic Figurehead. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of Mary, Queen of Scots' claim to the English throne. [2 marks] • 1(b). Describe one key feature of the Casket Letters affair (1568–69). [2 marks] • 3. "The...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 5 **KT 2.1: Plots and Revolts at Home, 1569–1587** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate The Revolt of the Northern Earls (NOV 1569–JAN 1570): Latin Mass at Durham Cathedral, Spanish Troops Fail to Land, Four Hundred and Fifty Executions. • Explain and evaluate Papal Bull & The Ridolfi Plot (1570–1571): Regnans in Excelsis Excommunication, Italian Banker Roberto Ridolfi Courier, Norfolk Beheaded on Tower Hill. • Explain and evaluate The Throckmorton Plot & Bond of Association (1583–1584): French Duke of Guise Invasion Plan, Philip II Provides 200,000 Ducats, Bond of Association Traitor Oath. • Explain and evaluate The Babington Plot & Walsingham's Spies (1586): Letters in Waterproof Beer Barrels, Phelippes Decodes Gallows Cipher, Explicit Approval of Regicide. • Explain and evaluate The Execution of Mary, Queen of Scots (FEB 1587): Act for the Queen's Safety Trial, Fotheringhay Castle Great Hall Block, Divine Right Monarchical Martyrdom. ***Discussion Prompt: Why did the Northern Earls fail to overthrow Elizabeth despite capturing Durham Cathedral?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Thomas Percy, 7th Earl of Northumberland, Leader of the 1569 Revolt; Source B: Thomas Howard, 4th Duke of Norfolk, Executed for the 1571 Ridolfi Plot; Source C: Francis Throckmorton and the 1583 Catholic Conspiracy ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate The Revolt of the Northern Earls (NOV 1569–JAN 1570): Latin Mass at Durham Cathedral, Spanish Troops Fail to Land, Four Hundred and Fifty Executions. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the Revolt of the Northern Earls (1569). [2 marks] • 1(b). Describe one key feature of the Babington Plot (1586). [2 marks] • 2. Explain why Mary, Queen ...**
Lesson 6 **KT 2.2: Relations with Spain, 1569–1585** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Political and Religious Rivalry with Spain (1570–1577): Antwerp Deep-Water Ports Threat, William of Orange Protestant Rebellion, Funding Sea Beggars Privateers. • Explain and evaluate Commercial Rivalry in the New World (1570–1579): Spanish Monopoly on American Bullion, Nombre de Dios Mule Train Ambush, Queen Licences Legal Piracy. • Explain and evaluate Drake's Circumnavigation (1577–1580): Cacafuego Surrenders £140,000 Treasure, Uncharted Pacific Raids on Peru, Golden Hind Knighthood Defiance. • Explain and evaluate Escalation & Elizabeth's Defiance (1581–1584): Philip II Inherits Portuguese Crown, Assassination of William of Orange, French Catholic Guise League Accord. • Explain and evaluate The Treaties of Joinville & Nonsuch (1584–1585): Secret Treaty of Joinville (Dec 1584), 7,400 English Troops under Dudley, Direct Military Confrontation Declared. ***Discussion Prompt: Why did Spanish control of the Netherlands threaten English trade and security?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Robert Dudley, Earl of Leicester, Advocate of Protestant Intervention; Source B: Sir Francis Drake, Privateer and Circumnavigator (c. 1581); Source C: Sir John Hawkins, Naval Commander and Atlantic Privateer ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Political and Religious Rivalry with Spain (1570–1577): Antwerp Deep-Water Ports Threat, William of Orange Protestant Rebellion, Funding Sea Beggars Privateers. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of English privateering against Spain. [2 marks] • 1(b). Describe one key feature of Francis Drake's raid on Cadiz (1587). [2 marks] • 3. "Commercial rivalr...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 7 **KT 2.3: The Outbreak of War with Spain, 1585–1588** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Dudley's Campaign in the Netherlands (DEC 1585–1586): Governor-General Title Angers Elizabeth, Underfunded & Deserting English Troops, Prevents Parma Capturing Deep Ports. • Explain and evaluate Military Setbacks: Zutphen & Deventer (1586–1587): Sir Philip Sidney Killed at Zutphen, Stanley & Yorke Betray Dutch Forts, Dutch Council of State Distrust. • Explain and evaluate Drake's Raid on Cadiz (APRIL 1587): Thirty Spanish Warships Destroyed, 'Singeing the King of Spain's Beard', Postpones Armada by Twelve Months. • Explain and evaluate Impact of the Cadiz Raid (1587–1588): Seasoned Barrel Staves Incinerated, Santa Cruz Dies; Medina Sidonia Inexperienced, Rotting Food & Leaking Water Casks. • Explain and evaluate The Armada Sets Sail (MAY–JULY 1588): 130 Ships & 30,000 Men Sail, Parma Lacks Deep-Water Harbor in Shallows, Unreliable 48-Hour Message Relay. *Discussion Prompt: Why did Dudley's campaign in the Netherlands struggle to achieve decisive military success?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Sir Francis Drake Planning the Pre-emptive Raid on Cadiz (1587); Source B: Queen Elizabeth I Addressing the Troops at Tilbury (August 1588); Source C: Eyewitness Account of the English Fireships at Calais Roads (Midnight, 7 August 1588) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Dudley's Campaign in the Netherlands (DEC 1585–1586): Governor-General Title Angers Elizabeth, Underfunded & Deserting English Troops, Prevents Parma Capturing Deep Ports. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the Treaty of Nonsuch (1585). [2 marks] • 1(b). Describe one key feature of Robert Dudley's campaign in the Netherlands. [2 marks] • 2. Explain why Engla...**
Lesson 8 **KT 2.4: The Spanish Armada: Strategy, Conflict & Defeat, 1588** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Channel Battles: Plymouth to Isle of Wight (JULY 1588): Seven-Mile Crescent Defensive Line, Long-Range Culverin Duel Beyond Boarding, Prevented Landing on Isle of Wight. • Explain and evaluate Calais Roads & The Fireships (7–8 AUG 1588): Eight Pitch-Soaked Vessels at Midnight, Panic-Stricken Spanish Ships Cut Anchors, Shattered Crescent Never Reforms. • Explain and evaluate The Battle of Gravelines (8 AUG 1588): Hawkins' Low Race-Built Galleons, Rapid-Fire Broadside Gunnery Close Range, Three Galleons Sunk & Fleet Scattered. • Explain and evaluate The Winds & Atlantic Retreat (AUG–SEPT 1588): Gale-Force 'Protestant Wind' Drives North, Missing Anchors on Scottish & Irish Reefs, Only Sixty-Seven Battered Ships Return. • Explain and evaluate Consequences of the English Victory (1588–1589): Tilbury Speech: 'Heart & Stomach of a King', 'God Blew and They Were Scattered' Medals, English Naval Superpower Prestige Secured. *Discussion Prompt: Why were English ships unable to break the Armada's crescent formation in open Channel water?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: The Battle of Gravelines and the Fireships (8 August 1588); Source B: The Armada Portrait of Queen Elizabeth I (1588); Source C: Cartographic Route of the Armada's Flight Around Scotland and Ireland ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Channel Battles: Plymouth to Isle of Wight (JULY 1588): Seven-Mile Crescent Defensive Line, Long-Range Culverin Duel Beyond Boarding, Prevented Landing on Isle of Wight. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the Spanish Armada's crescent formation. [2 marks] • 1(b). Describe one key feature of English naval tactics during the Armada campaign. [2 marks] • 3. "...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 9 **KT 3.1: Education and Leisure in Elizabethan England, 1558–1588** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Attitudes to Education & Literacy (1558–1580s): Literacy at 30% for Men & 10% for Women, Petty Schools & Dame Schools for Basics, Reinforcing Great Chain of Being. • Explain and evaluate Grammar Schools (1558–1580s): Over Seventy New Endowed Schools Founded, Latin Grammar & Classical Rhetoric Curriculum, Social Mobility for Middling Sons. • Explain and evaluate Universities & Noble Education (1558–1580s): Private Tutors in Noble Households, Oxford & Cambridge College Expansions, Inns of Court London Legal Training. • Explain and evaluate Sports and Pastimes by Social Class (1558–1580s): Hunting, Hawking & Fencing for Elites, Violent Folk Football & Archery for Commoners, Universal Paris Garden Bear-Baiting. • Explain and evaluate Development of the Theatre (1576–1588): Burbage Builds 'The Theatre' at Shoreditch, Penny Groundlings Mingle with Box Gentry, Puritans Condemn Immorality & Plague Risk. *Discussion Prompt: Why did Elizabethan attitudes towards social hierarchy limit educational opportunity?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Contemporary Elizabethan Wooden Hornbook with Alphabet and Lord's Prayer (c. 1570s); Source B: Roger Ascham on Cruelty and the Birch Rod in Tudor Grammar Schools (1570); Source C: Register of Oxford University Studies and Navigational Sciences (1577) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Attitudes to Education & Literacy (1558–1580s): Literacy at 30% for Men & 10% for Women, Petty Schools & Dame Schools for Basics, Reinforcing Great Chain of Being. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of Elizabethan grammar schools. [2 marks] • 1(b). Describe one key feature of Elizabethan theatres. [2 marks] • 2. Explain why education expanded in Elizabe...**
Lesson 10 **KT 3.2: The Problem of the Poor and Vagrancy, 1558–1588** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Population Growth & Rising Prices (1558–1580s): Population Surges from 3m to Over 4m, Consecutive Bad Harvests Inflate Grain Prices, Falling Real Wages for Farm Labourers. • Explain and evaluate Changes in Farming: Enclosure & Sheep (1558–1580s): Wool Accounts for 80% of English Exports, Hedging Common Land for Low-Labour Flocks, Eviction of Strip-Farming Tenant Cottagers. • Explain and evaluate Changing Attitudes to the Poor (1558–1570s): Harman's Caveat for Common Cursitors Book, Impotent Poor Versus Sturdy Beggars, Dread of Social Unrest & Treasonous Riot. • Explain and evaluate The 1572 Vagabonds Act (1572): Compulsory Parish Poor Rate Tax, Overseers Appointed to Distribute Relief, Ear-Boring with Hot Iron for Repeat Vagrants. • Explain and evaluate The 1576 Act for Relief of the Poor (1576): Parishes Provide Raw Wool, Flax & Hemp, County Bridewells Compel Hard Labour, Foundation for Comprehensive 1601 Poor Law. *Discussion Prompt: How did the relationship between population growth and food supply generate severe poverty?*	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Sir William Cecil's Parliamentary Memoranda on Bad Harvests and Soaring Grain Prices (1570s); Source B: Contemporary Complaint on the Evils of Sheep Enclosure and Village Ruin (1560s); Source C: William Harrison on the Three Categories of the Elizabethan Poor (1577) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Population Growth & Rising Prices (1558–1580s): Population Surges from 3m to Over 4m, Consecutive Bad Harvests Inflate Grain Prices, Falling Real Wages for Farm Labourers. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of the 1572 Vagabonds Act. [2 marks] • 1(b). Describe one key feature of the 1576 Act for Relief of the Poor. [2 marks] • 3. "The main reason for the increa...**

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 11 **KT 3.3: Exploration and Voyages of Discovery, 1558–1588** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate New Navigational Technology (1558–1575): Astrolabes & Quadrants Measure Latitude, Mercator Projection Global Maps (1569), Navigation Away from Known Coastlines. • Explain and evaluate Improvements in Ship Design (1558–1577): Low Forecastles & Triangular Lateen Sails, Culverin Cannons on Four-Wheel Carriages, Manoeuvrable Tacking in Severe Atlantic Weather. • Explain and evaluate The Search for New Trade Routes (1550s–1570s): Collapse of Antwerp Cloth Market (1550s), Muscovy & Levant Joint-Stock Companies, Frobisher & Davis Arctic Northwest Search. • Explain and evaluate Drake's Circumnavigation (1577–1580): Pelican Renamed Golden Hind at Horn, Strait of Magellan Gale Storm Survival, Claims Nova Albion (California) for Crown. • Explain and evaluate Significance of Drake's Voyage (1580–1588): £140,000 Spanish Bullion Cargo Returns, 4,700% Financial Profit Pays Crown Debt, Proves England Can Challenge Spanish Seas. ***Discussion Prompt: How did advances in navigational science make oceanic exploration feasible for English captains?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Authentic Elizabethan Mariner's Astrolabe for Latitude Navigation (c. 1580s); Source B: Contemporary Plate of the Race-Built English Galleon Ark Royal (1587); Source C: Augustine Ryther's Sea Chart of the English Channel and Atlantic Approaches ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate New Navigational Technology (1558–1575): Astrolabes & Quadrants Measure Latitude, Mercator Projection Global Maps (1569), Navigation Away from Known Coastlines. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of new navigational technology in the Elizabethan era. [2 marks] • 1(b). Describe one key feature of Drake's circumnavigation of the globe. [2 marks] • 2. E...**
Lesson 12 **KT 3.4: Raleigh and the Colonisation of Virginia, 1584–1590** 🎯 HISTORICAL ENQUIRY & ANALYSIS	• Explain and evaluate Raleigh's Patent & Planning (1584): Six-Year Patent to Claim Uncharted Land, Hakluyt's Discourse on Western Planting, Privateering Base to Intercept Spanish Plate. • Explain and evaluate Recruiting Colonists & Leaders (1584–1585): 107 Gentlemen Soldiers & No Farmers, Grenville Fleet & Ralph Lane Army Discipline, Manteo & Wanchese Native Translators. • Explain and evaluate The First Roanoke Colony & Disaster (1585–1586): Flagship Tiger Runs Aground on Sandbar, Seawater Ruins Grain Seeds & Provisions, Disastrous Reliance on Secotan Fish Weirs. • Explain and evaluate Conflict & Evacuation (1586): Silver Cup Dispute Leads to Village Burning, Ralph Lane Ambush Kills Chief Wingina, Drake Arrives to Evacuate Starving Settlers. • Explain and evaluate The 'Lost Colony' & Significance (1587–1590): 118 Civilian Settlers Led by John White, Armada Impounds Supply Ships in England, 'CROATOAN' Carved on Deserted Palisade. ***Discussion Prompt: Why did Raleigh and the Elizabethan court believe an American colony was vital to England?***	📜 **PRIMARY EVIDENCE & SOURCE ANALYSIS:** Source A: Sir Walter Raleigh, Courtier, Explorer, and Coloniser (c. 1588); Source B: The Roanoke Island Colony Map by John White (1585); Source C: John White Watercolor of an Algonquin Chief (Herowan) of Roanoke (1585) ⚖️ **DISCIPLINARY DEBATE / HISTORIAN FOCUS:** Explain and evaluate Raleigh's Patent & Planning (1584): Six-Year Patent to Claim Uncharted Land, Hakluyt's Discourse on Western Planting, Privateering Base to Intercept Spanish Plate. ✍️ **CORE WRITTEN ASSESSMENT:** **1(a). Describe one key feature of Walter Raleigh's plans for colonising Virginia. [2 marks] • 1(b). Describe one key feature of the failure of the 1585 Roanoke settlement. [2 marks] • 3. ...**
