Multi-Typology Evidence Spectrum, Autonomous Pedagogical Interrogation, and Unit-Portfolio Governance

ACTIVE TAUGHT UNITS	ARCHIVAL PLATES / TOTAL SOURCES	EVIDENCE MODALITIES	REPROGRAPHIC OVERFLOW • 100% CLEAN

Core Pedagogical Architecture (Whole-Unit Portfolio & Full Evidence Breadth): Source selection is completely freed from rigid per-act templates. We govern diversity at the *whole-unit portfolio level* (e.g. 35 sources per 7-lesson unit), granting AI full autonomy to deploy the most powerful evidence where the enquiry demands—embracing high statecraft, civilian diaries, satirical cartoons, fine art & sketches, war poetry & protest songs, statistical tables, archival sound clips, maps, and civil defense ephemera.

1. The Complete Disciplinary Evidence Spectrum (8 Core Modalities)

STATECRAFT Treaties & Speeches
Diplomatic ciphers, legal statutes, and summit declarations. Grounds pupils in ideological doctrine, sovereignty, and macro strategy (e.g. Sèvres Protocol, Balfour Letter, UN Res 242).

FROM BELOW Diaries & Letters
Private soldier letters, civilian diaries, and refugee accounts. Shatters "elite determinism" by showing lived human experience (e.g. Truman Babelsberg diary, Vietnam soldier letters, Ramle accounts).

SATIRICAL ART Cartoons & Posters
Editorial cartoons (*Punch*, Low, Illingworth). Trains pupils to decode visual allegory, caricature, and contemporary public anxieties (e.g. Suez Crisis crocodile, H-Bomb arm-wrestle).

FINE ART Paintings & Drawings
Official portraits (Holbein, Van Dyck), combat art (Nash, Dix), and sketches. Interrogates symbolic composition, aesthetic power, and frontline physical and mental trauma.

VERSE & SONG Poems & Lyrics
War poetry (Wilfred Owen), protest anthems (Bob Dylan, *Strange Fruit*), and samizdat verse. Captures raw emotional, cultural, and spiritual resistance beyond official records.

STATISTICS Tables & Datasets
Nuclear stockpiles, inflation tables, and casualty inventories. Teaches critical numeracy: questioning counting methods, collection bias, and structural macro historical trends.

SOUND & ORAL 30–60s Audio Clips
Authentic White House tapes, BBC radio broadcasts, and oral histories. Interrogates vocal tremor, hesitation, cadence, and acoustic reality (e.g. ExComm, Protect & Survive, Churchill).

VISUAL & MAPS Photos & Ephemera
Verified period photos (U-2, King David Hotel), tactical maps (Tet, UN Res 181 partition), and civil defense ephemera (pamphlets, leaflets, ration books).

2. Autonomous Pedagogical Interrogation: Beyond the "How Useful" Question

Exclusively asking "*How useful is Source X for an enquiry into Y?*" breeds mechanical formula-filling. The platform deploys six second-order disciplinary interrogation modes based on the source's unique evidentiary nature:

1. Evidentiary Value & Source Utility
Evaluating what the source uniquely illuminates vs its blind spots, using Content Inferences, Provenance (NOP), and Inherent Limitations.
Exemplar: "What does the 1946 King David Hotel photo reveal about Irgun tactics that official British communiqués obscured?"

2. Causal Mechanism & Turning Points
Interrogating how an action triggered a decisive chain reaction, escalating tensions or forcing strategic geopolitical realignment.
Exemplar: "How did the nationalisation of the Suez Canal trigger an immediate secret military coalition at Sèvres?"

3. Ideological Stance & Decoding Satire
Unpacking visual metaphor, allegory, and contemporary subtext to understand ideological confrontation and popular hysteria.
Exemplar: "How does Illingworth use the crocodile metaphor in Punch (1956) to demonize Nasser's pan-Arab ambitions?"

4. Human Perspective, Empathy & Worldview
Entering the mindset of historical actors to understand why choices appeared inevitable or agonizing from their vantage point.
Exemplar: "What does the Palestinian refugee photo from Ramle (1948) demonstrate about the immediate reality of displacement?"

5. Contradiction & Cross-Corroboration
Evaluating conflicts between high-level state propaganda, frontline military reality, and independent third-party reporting.
Exemplar: "How do Egyptian radio broadcasts during the Six-Day War contradict the photographic reality of Sinai airfields?"

6. Historical Significance & Consequence
Weighing long-term structural impact, precedent, and the enduring ripple effects across international and regional relations.
Exemplar: "Why did the 1978 Camp David Accords fundamentally isolate Egypt within the Arab League for over a decade?"

3. Cognitive Science of Spaced Retrieval & Assessment Architecture

Principle of Zero Self-Testing:
Do Now starters strictly retrieve prior knowledge from previous lessons or earlier units. They NEVER test new material taught in that lesson, preventing cognitive frustration.

Rosenshine's Spaced Practice:
Systematic spiral recall (Last Lesson, Last Week, Prior Key Stage schema) ensures deep schema formation, automated retrieval fluency, and long-term exam retention.

Mandatory Discussion Prompts:
Every primary source concludes with an explicit Discussion Prompt and 3-bullet model answer to diagnose misconceptions and ignite whole-class disciplinary debate.

4. Depth Exemplar Blueprint 1: Cold War Whole-Unit Portfolio Diversity (35 Sources)

The 7 lessons demonstrate how freeing sources from rigid act templates creates a multi-perspectival, academically rigorous curriculum:

6. The 5-Block Gold Standard & 28-Page Master Publication Standard

Canonical 5-Block Standard:
Every lesson strictly contains 5 narrative blocks (`[X.1]` to `[X.5]`). Eliminates empty 0-character blocks, fragmentations, and arbitrary breaks across all lessons.

Facing-Spread Sequential Sources:
Sources A, B, and C sequence across each double-page spread with verified dates, archives, and targeted Discussion Prompts with 3-bullet model answers.

28-Page Saddle-Stitch Publication:
Compiled to `cme_new_textbook_UNIFIED_FINAL.pdf` with 100% clean reprographics, 0px overflow across all 28 pages, and 60-question retrieval quiz.

7. Master Curriculum Register: Full 19-Unit Portfolio & Deliverables

Comprehensive platform-wide status of all Key Stage 2, Key Stage 3, and GCSE Edexcel units:
