Source B

Source B: From President Lyndon B. Johnson's address to the American people upon signing the Civil Rights Act, 2 July 1964.

"This Civil Rights Act is a challenge to all of us to go to work in our communities and our states, in our homes and in our churches, to eliminate the last vestiges of injustice and discrimination. Its purpose is not to punish. Its purpose is not to divide, but to end division. We believe that all persons are created equal. Yet many are denied equal treatment. Those who are equal before God shall now also be equal in the polling booths, in the classrooms, in the factories, and in hotels, restaurants, movie theaters, and other places that provide service to the public."

Source C

Source C: From a retrospective radio interview with civil rights leader John Lewis in 2009, reflecting on the Selma marches of March 1965.

On March 7, roughly 600 peaceful demonstrators set off from Selma. Upon reaching the bridge, state troopers blocked our path and deployed tear gas. I was struck on the head by a trooper's baton and lost consciousness. The shocking violence of 'Bloody Sunday' prompted President Johnson to address a joint session of Congress, where he introduced voting rights legislation. Shortly after, we marched again with numbers growing to 25,000 by the time we reached Montgomery. This mass protest compelled Congress to pass the Voting Rights Act.

Interpretations for use with Section B.

Interpretations for use with Questions 3(b), 3(c) and 3(d).

Interpretation 1

Interpretation 1: From a modern historical study.
The 1964 Civil Rights Act represents one of the most comprehensive pieces of legislation in the nation's history. It outlawed discrimination in employment, banned segregation in public accommodations, and empowered the federal government to withhold funding from segregated state programs. The bill was proposed following major demonstrations in Birmingham, and public support intensified after the March on Washington.

Interpretation 2

Interpretation 2: From a different historical perspective.
The Voting Rights Act of 1965, passed shortly after the Selma campaign, was a transformative milestone for the movement. By outlawing literacy tests and authorizing federal oversight of voter registration in the South, the Act dismantled the political structures of Jim Crow. This legislation finally gave Black Southerners access to the ballot box, enabling genuine democracy in the region.
